SINGLE TERMINAL

'Bigger is better' - we have freshened up our single terminal with a huge 23" monitor for more gaming space and better visibility. This machine now offers a first step into gaming evolution. Unique features, great performance and comfort, beautiful design. The list goes on. An optional second display offers even more advantages to players, with live video feed and all the useful game stats. The new SL is a truly remarkable piece of gaming technology. This beautiful machine has found its way into numerous Casinos all around the world. Compatible, flexible, durable yet fragile, this machine guarantees you the floor space of your dreams.

SL GOLD

SL GOLD

SL Gold is our luxury version of the single terminal. We exchanged chrome with gold, we added carbon inserts, exotic wood and durable leather. All together, we created something special, for a special place and a special player.

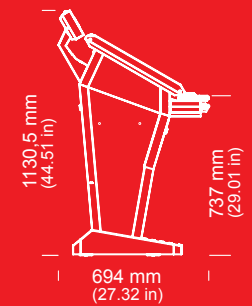

WIKY

WIKY

WIKY is our latest addition to the single terminal palette. Advanced in technology, with futuristic design and enormous screen, WIKY offers something extra. This model is unique in every way and WIKY will surely be a great hit on your Casino floor.

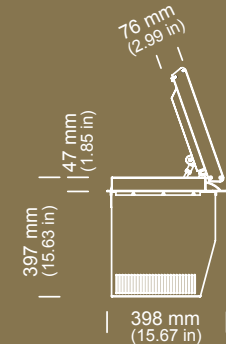

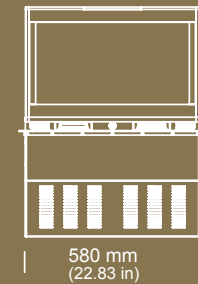

TT

TABLE TOP TERMINAL

TT is a small machine that has virtually no shortcomings compared to its bigger members of the Alfastreet fleet. Designed for restricted spaces, it easily fits into bars and tables. It is equipped with a special hydraulic system that allows the screen to be tilted and fixed in any desired position.

HI-JACK

Our design is not only about making things look good. That is just the beginning. In this Hi-Jack package we have managed to make a machine that can either function in its automatic mode or can be opened and function as a live game machine. This feature gives it a unique value.

The Live option comes with an Alfastreet dealing shoe.

DEALING SHOE

A simple and intelligent design allows this small cabinet to fit into small spaces, yet its presence does not go unnoticed. A very user-friendly machine, with many great features. All the security aspects of the card game are considered with many different parameters to choose from. Made for the biggest Casinos in the world, this shoe promises you a fair, quick and profitable card game of your choice.

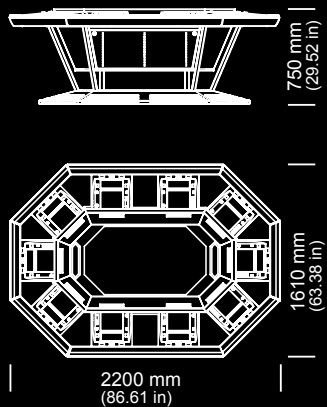

Combine it with our own terminals, or use a stand-alone unit in your live card game.

POKER

POKER

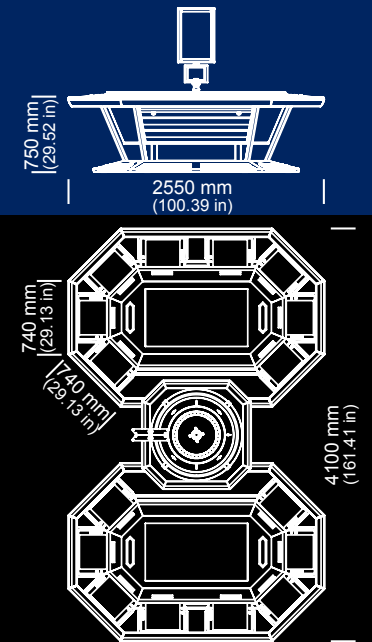

This cabinet is not only about how it looks, but also how it feels. Visual intensity is combined with optimal visibility, space and comfort.

WDKY

WDKY

We are challenging existing standards with this machine. We have managed to combine the thrill of a live game of Roulette with the hassle-free operation of an electronic game. All this comes in a small and wonderfully crafted package. You can choose between the game of Roulette and Sic Bo. All the usual add-ons are available as well. Maximize the usage of your floor space with this innovative and versatile gaming table.

LIVE TABLES

Some of the players still enjoy a live casino game, instead of the automated version. This is why we developed our Live Games, as an addition to our existing Automated package.

Operators can now combine our single terminals with a live gaming console and enjoy various Live games. This unique concept ensures maximum operational benefits and full satisfaction of the players.

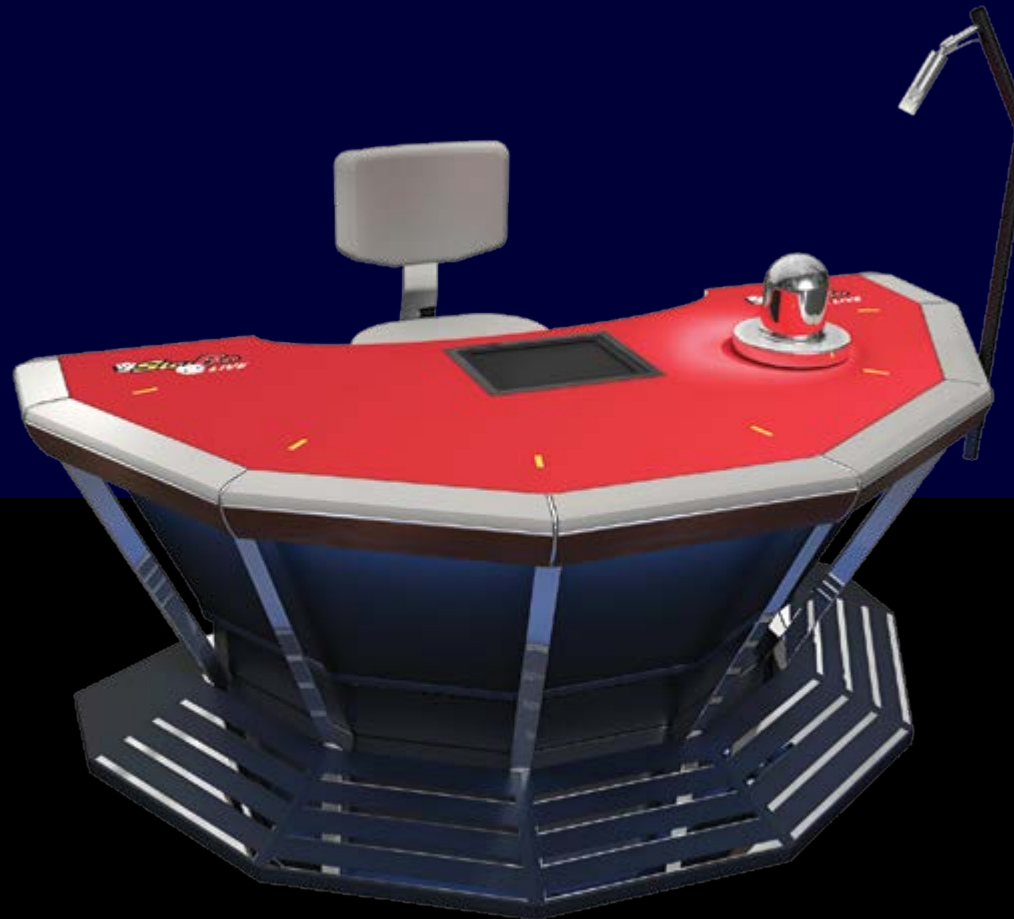

Naturally, different setups are available, as part of our Multigame.

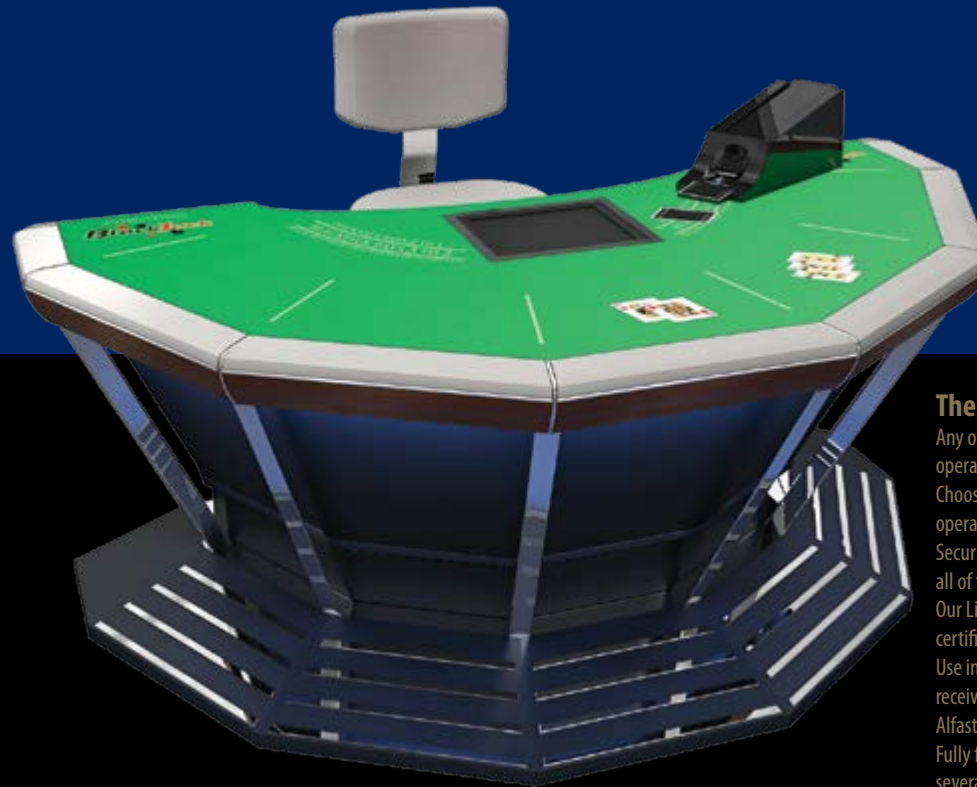

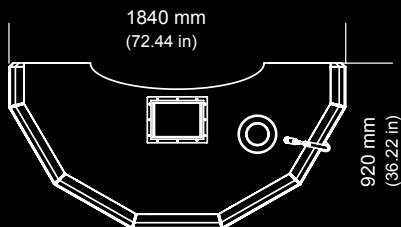

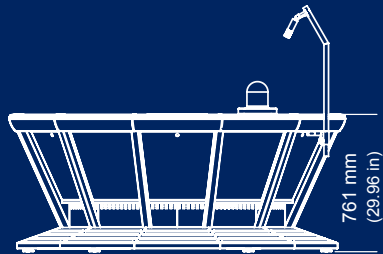

In any of our card games, Alfastreet shoe ensures secure card recognition and guides the dealer through the game process. Result detection is also ensured with our Roulette and SicBo game.

Therefore, the game runs smoothly and without any disputes.

All the hardware options are still available, such as:

- different payment systems
- player tracking system of your choice
- various wall display options
- many available languages
- design can be modified to perfectly blend in with your casino environment
- connect any number of the terminals, even in different locations
- add more tables, more games
- easily switch between Live / Auto operation where possible.

SIC BO

This Ancient Chinese game Sic Bo offers 50 different betting options and allows you to place multiple bets at once. You can bet that specific numbers will turn up, or you can bet on different combinations and sum of the numbers on all three dice. Sic Bo also offers a great range of payouts, as high as 180:1 for its most rare combinations. There are various payment options like TITO, Bill wacceptors, SAS based player tracking/online systems. GLI certificate is the testament of this game's quality and randomness.

Advantages

Easy to play, with the possibility of winning big in a single game. This two games can fit into our standard, eight player cabinet, or they can be set up as a standalone unit inside our SL terminals. Multigame option is also available, as both Sic Bo and Craps can be played in combination with different Alfastreet games. Up to 254 player stations can be connected to a single Sic Bo or Craps wheel.

Fully automated games, operational 24/7, without the need for any operator attendance.
Fully customizable settings of both games, include a wide variety of monitoring and reporting features.

CRAPS

Alfastreet Craps is a dice game in which the players make wagers on the outcome of the roll, or a series of rolls, of a pair of dice. The game is fast moving and it is probably the most intimidating game to new players. If you feel this way you are not alone.

DERBY

Alfastreet entered the virtual sports market with Derby Game - a virtual horse racing game. Starting from its early days as an arcade-style amusement, Alfastreet Derby Game now offers a truly impressive experience, giving players the confidence that the outcome of the horse race is randomly generated. Modern virtual sports designed for casinos can also offer tailor-made location settings to suit markets anywhere in the world. All this, combined with our slick design, user friendly interface, live-like betting options, guarantees top performance and great satisfaction for the operators and for the players.

The Game

Bet on different winning combinations, much like you bet on the real race track.

WIN: bet on your winner

PLACE: bet that your horse will finish first or second
SHOW: bet that your horse will finish in any of the top three places

QUINELLA: bet on two horses, both must finish in first or second place

EXACTA: bet on two horses to finish first and second, in that specific order

3QUINELLA: bet on three horses to finish in top three places, in no specific order.

There are six horses in each race, randomly chosen from an extensive database.

Different race lengths and different weather conditions all contribute to the outcome of the race. Observe your favourites, examine their strength, stamina and speed as these are the parameters which will help you determine the winner. Use in any combination with our Multigame package. Combine in multi terminal set-up and create a race track ambience for your players.

Make your choice with bill acceptors, ticket printers, wall display, player tracking system, and many more extra features.

Advantages

This unique game will make a large contribution to the attraction and excitement on your gaming floor. Completely self-sustainable with no extra attendance required, runs 24/7.

You can combine the game with any of Alfastreet games and operate it as Multigame package, or even a simultaneous Multigame. Many features and settings allow the operator to customize the game to the finest details. There are great advertisement opportunities on the race tracks. Finally, this is a rare and exciting game, fully compatible with all international gaming standards.

Warning: There is no need to feed the horses.

VIDEO POKER

This game is a great side game on your multi game terminal. Famous Jacks or Better Poker will keep any player entertained and attached to their seat. Various additional options are available, including settable payout and different graphics. Add this game to your terminals at minimum cost and maximum satisfaction. According to popularity or desires of the players, different versions of poker games can be chosen.

Main screen

ALFASTREET'S EXCELLENT TECHNICAL SUPPORT & SERVICE

We believe it is of great importance to provide a real time response to our clients, therefore when our technical support service is needed, our customers get connected to a live person and not an automated answering machine. This way we assure prompt and effective support 24/7 directly from our Global Support Centre via email or phone.

Our skilled technicians are familiar with any request or emergency situation and will respond with an immediate solution.

Amongst other services, our technical support team also handles warranty claims and spare parts orders.

Our personal approach and great care majorly contributed to our global success in the past 20 years.

INTERIOR DESIGN

INTERIOR DESIGN

Our origins come from furniture business and we couldn't help not to expand our knowledge to the Casino floor. We offer complete solutions for your new Casino, or for your renovations. Completely customizable, we start your project with the design, and finish it with the assembly of your Casino interior. The only thing we can promise you is that we will bring you same amount of luxury and innovation, as we bring to all of our gaming products.
